Innovative Technology Tools Series

Students will reach our high expectations if we put the tools for success in their hands. Teach 21st century learners with these tools that win at both depth and engagement. Explore classroom technology like I-Pad apps, interactive websites, Google docs, and games that allow students to show what they know with high interest multimedia and video technology. Differentiate so that all students can find success in creating and self-publishing their work.

Elementary Technology Expo

Practice embedding technology into daily classroom routines with management and communication tools and also student engagement resources.
