ATF Certificate of Completion is provided at the end of each class.  
Class sizes limited. Pre-registration is required.

## Positive Relationships for Learning

Both of these GPS classes are designed to help participants teach all students effectively. Learn how behavior and communication skills are interconnected, how trauma and poverty affect student behavior and how to teach students to capture the learning opportunities inherent in everyday mistakes. Time spent building relationships and a growth mindset pays dividends in deeper learning in our classrooms.

### Internalize Mindset

Wednesday, February 22, 2017  
4:30 to 6:30 pm at the ATF Office

Brain studies show that learning only happens when you make a mistake! Help your students learn from the best mistakes ever! Practice the ideas of Growth Mindset with your students to help them maximize learning. Apply growth strategies to all content areas with a special emphasis on developing math skills.

### Poverty and Trauma

Wednesday, March 8, 2017  
4:30 to 6:30 pm at the ATF Office

Brain changes are behavior changes. Abuse, neglect, trauma, and poverty affect brain growth and change behavior. Apply relationship-building and specific classroom strategies to address these issues and restore positive learning in your classroom.

Participants can attend one session or attend the entire series.  
Each class builds on the depth and complexity of the previous sessions.
